

Communiqué

Series 9 of 2019

I would like to inform the entire De La Salle Araneta University academic community of the retirement of Dr. Carolina Ditan, Dean of the College of Business, Management, and Accountancy and concurrent OIC Program Chair of the BS Accountancy Program last October 19, a date which coincided with her birthday.

Dr. Ditan began her colorful career in the university as a part-time Graduate School faculty in June 2011. From June 2017 up to her retirement this year, she served the university as its Dean for the College of Business and Management. For the past eight years, she served the university with utmost professionalism and unparalleled dedication to the Lasallian mission.

Dr. Ditan is known by her colleagues for her friendliness and kindness, and her students and their parents know her for her motherly compassion and care. She always wears a smile which could brighten one's day. As an administrator, she is known for her practicality and straightforward approach in managing her team and department.

As the university searches for Dr. Ditan's successor, Vice Chancellor for Academics and Research Dr. Bernardo Sepeda will act as the OIC Dean of the College of Business, Management and Accountancy and OIC Program Chair of the Accountancy Program.

Congratulations on your retirement and happy birthday, Dr. Ditan.
