

Overview.....

Own-A-Tree Project, a campaign initiated by the University is in response to Pope Francis's Laudato Si, a care for our common home.

This campaign was organized to provide individuals the opportunity to contribute to environmental preservation through the planting of trees at the DLSAU Salikneta Farm.

A pledge of P3650.00 ensures that a Narra tree seedling, which will be named after the donor will be properly looked after for an entire year. The campaign also helps marginalized yet deserving AGRIVET students to have educational access to DLSAU.

For more information, please contact Mr. Eijay Valerio de Paz at (02) 524-46-11 loc. 247 or you may send email at advancement@dlsau.delasalle.ph or at eijaydepaz@gmail.com
